Trauma Informed Care: Perspectives and Resources
A comprehensive web-based, video-enhanced resource tool

Introductory Video to the tool

8 Modules

Partnership with JBS International

9 Introductory Videos
First Webinar in the Series

December 18, 2014, 1:00-2:30 PM E.T.

Healing from Trauma - Young Adult and Family Perspectives and Recommendations

Trauma affects youth, young adults and families in dramatic ways. It changes their lives forever and shapes their worldview.

Presenters:

Brianne Masselli
Director Technical Assistance
Youth MOVE National

Teresa King
Training & Technical Assistance Family Specialist
Georgetown University National Technical Assistance Center for Children’s Mental Health
Second Webinar in the Series

January 22, 2015, 1:00-2:30 PM E.T.
Supporting Champions for Cross-System Collaboration in Trauma Informed Care
Presenters: Teams from Virginia and Indiana.
  – Focus on state and local leadership in promoting collaborative efforts in policy and practice changes for whole systems to become more trauma-informed.
  – Indiana team highlighted their "Change Team" initiatives.
  – Virginia team highlighted not only their successful Richmond "Trauma Informed Community Network" but also their beginning effort to build statewide capacity for policy and practice change across child-serving systems.

Third Webinar in the Series

February 19, 2015, 1:00-2:30 PM E.T.
Building Capacity for Trauma Informed Provider Organizations: Community-Based and Residential
Presenters: Teams from South Carolina and Mississippi
  – All personnel need to be trauma-informed, not just the clinicians.
  – South Carolina - statewide efforts to train everyone in regional cross-system events
  – Mississippi - statewide training efforts to change policies and practices and outcomes in both community-based and residential settings
Questions from Participants

Unanswered questions leftover from the webinars

Follow-up questions or comments

Discussion Questions

What are some of the successes in your states, communities, or organizations in becoming more trauma-informed (e.g. policy changes, training, self-care to prevent or address secondary trauma, etc.)?

What resources do you need to continue moving forward?

What are some of the challenges?
